Now the papers are saying it looks more like Parker than ever. Well we would rather have a little Parker and less of Roosevelt.

When the Democratic State convention met at Albany on Monday, Judge Parker looked on from a distance, smiled, and didn't even say "Mum's the word."

The Democratic convention to nominate a candidate for Congress in the Fifth Congressional District, will be held at Greensboro Wednesday, June 22, at 8:30 P. M.

Somebody always rises up to console us with the statement that riches take wings and fly away, or words to that effect. That's al right. We always did make money fly.

Brunan Varilla seems to have gotten cold feet and dropped out of the game. He has probably gone to hunt up his poor kin to show them what he got when he "turned up jack" in the Panama deal.

Roosevelt's horoscope is reading a little ugly on, around and about the 8th of next November, indicating that after the 4th of next March his job at the White House will separate itself from him and go to the unspeakable Parker.

A young fellow boasted that he had "grit in his craw" because he procured a marriage license and married a girl, with only a quarter left in his pocket after paying for the license. About the time that girl's craw gets into action and puts up a persistent demand for something besides grit, the fellow will feel like tearing his craw out and "hitting the grit."

Just look at this from a fashion magazine: "Laces, embroideries, intricate handiwork carried out in the most exquisite designs on just as exquisite fabrics, will be part of the trousseau of the 1904 Summer girl." We see our finish again. Even a humming bird would leave a rose bush to flit around a pretty girl rigged out like that.

The St. Louis *Globe-Democrat* on Sunday, in commenting on Governor Aycock's card saying he did not think it wise now to nominate a Southern man for President, says: "If the Democrats think there is no chance to win in any case, a Southern man who is put on either end of it cannot be complimented by that act very highly, though of course it may be better to be nominated and lose than never to be nominated at all. A good Southern man to select for the second place on the ticket would be the North Carolina Governor himself. He is able, high-toned and personally popular, and would make a good presiding officer of the Senate, if there were any chance for his party to elect that official this year."

LOCAL DOTS.

TO IMPROVE ITS PROPERTY.

Atlantic Yacht Club Will Have Pretty "Home"—Meeting Last Night.

A new constitution and by-laws, as recommended by a special committee, to whom the matter had been referred, were adopted, very material improvements to the club property on Wrightsville Beach, as authorized by the Executive Committee, were decided upon at a special meeting of the Atlantic Yacht Club last night in the Mayor's offices at the City Hall. Capt. R. W. Price, the president, was in the chair and Mr. E. Schulken, the secretary, kept a record of the proceedings.

The new by-laws and constitution as reported by the committee, composed of the president, Mr. J. T. King, and Mr. E. Schulken, and as adopted by the club, embrace a number of changes and will be found more satisfactory to members.

Mr. E. Schulken was elected superintendent of the club in addition to his duties as secretary and treasurer.

The improvements decided upon will cost considerably over $1,000 and will consist of the installation of a new sewerage system; the installation of electric lights; the overhauling of the entire plumbing system and the building of an annex, 35x35 feet in size, with an open piazza on the first floor and from 10 to 14 sleeping rooms on the second floor. For the purpose of adding to the fund for the improvement, a loan of $1,000 was authorized out of which will be paid the present indebtedness of $350.

Messrs. E. Schulken, C. D. Mafflit and Henry Burkheimer were appointed a committee to decide upon a distinguishing signal for the club. A number of very pretty designs are already being considered.

ACADEMY LEASE AND BOND.

Approved by Board of Audit and Finance Last Night—Routine Business.

Very little) business of interest engaged the Board of Audit and Finance at its regular semi-monthly meeting last night over which Chairman H. C. McQueen presided and other members in attendance were Messrs. C. W. Yates, Jesse Wilder and Jno. A. Orrell.

The bond of Messrs. Cowan Bros., lessees of the Academy of Music, for a period of five years, in the sum of $7,007.70, with F. J. Gooding and Mrs. Margaret A. Cowan as sureties, was submitted with the lease of the property and both were approved.

The usual monthly statement of the Treasurer, duly examined and approved by the clerk of the Finance Board, was read and placed on file. Sundry bills for current expenses were audited and ordered paid.

Threatened Suicide.

Alarmed, lest her brother, Charles Herring, would carry out a threat to commit suicide, a sister of the young man early last night came to the porch of the family residence on the second floor over Nutt's drug store, at southeast corner of Front and Grace streets, and gave an alarm. Messrs. J. B. Linder, Oscar Bagwell and others hastened over to the house and took a knife from the young man, who it was stated was suffering from melancholia on account of being unable to obtain work. He did himself no harm and was more quiet after friends talked to him.

A VERDICT FOR MONK.

Rock Quarry Case Against the City Decided by Jury in Favor of Plaintiffs.

THE AMOUNT IS $1,954.08.

Verdict Last Night at 11:30 O'clock, After Four Hours Deliberation—Mrs. Kenan Party Plaintiff—May Not Go to Supreme Court—Notes.

The Monk damage suit against the City of Wilmington was completed in the Superior Court late yesterday afternoon and the jury, after remaining out four hours, returned a verdict at 11:30 o'clock last night in favor of the plaintiffs for the actual value of the material mined from the city rock quarry since Jan., 1900, amounting in the aggregate to $1,954.08. The decision gives J. W. Monk and his sister, Mrs. Thos. J. Kenan, possession of the lands upon which the quarry is located, they being tenants in common and sharing alike in the money awarded by the jury last night. It is doubtful if the case will be appealed to the Supreme Court by the city, though the estate of the late W. A. Wright may carry it there. The amount awarded is exactly the amount of royalty on the material retained by the city pending the settlement of the suit and the municipality loses only the costs of the action. A contract will now be made with the new owners, if possible, and the street work go on as before. The issues were submitted and answered as follows:

Is plaintiff owner of the land known as the Rock Quarry described in the complaint? Yes.

Is plaintiff Mary Kenan tenant in common with J. W. Monk in said land? Yes.

Did defendant use rock from said quarry on the streets of Wilmington since January, 1900? Yes.

What was the value of the rock used by defendant from said quarry up to time of bringing action? $1,105.08.

What was the value of the rock used by defendant from said quarry after bringing this suit and up to April 4th, 1904? $8 49.

The jury which had the case in hearing was as follows: R. A. Kingsbury, D. D. Barber, D. J. Watkins, D. F. Barnes, Marshall Shrier, W. K. Walker, John T. Sholar, James A. Miller, R. A. Biddle, B. M. Lehue, W. J. Bradshaw and C. H. Ward. It is learned that upon leaving the box the jury stood 10 to 2 for plaintiff and that one of the two came over after the first ballot. The other stoutly maintained that the plaintiff was not entitled to recover until the hour the verdict was returned. The plaintiffs sued for $10,000 worth of material taken from the mines and $1,000 damages to the land. The figures were agreed upon by the attorneys and determined by Judge Justice to be awarded in case answers to the other issues were in the affirmative.

Court opened at 9 o'clock yesterday morning with the resumption of testimony for the plaintiff. The talesmen ordered for duty during the day were returned as summoned by the sheriff, but very early it was seen that the Monk case would consume the remainder of the session and they were discharged. Former Superintendent of Streets J. A. Perry and Mr. I. B. Rhodes were introduced as witnesses for the plaintiff. They were followed for the defendant, by Mr. H. C. McQueen, chairman of the Board of Audit and Finance, and Mrs. W. A. Wright with whom the city had a contract for the operation of the quarry.

Court at 1:30 o'clock took a recess and in the afternoon, beginning at 3 o'clock, argument by counsel to the jury was commenced. Hon. Jno. D. Bellamy opened for the plaintiff and was followed in their order by ex-Judge E. K. Bryan, for the defendant; William J. Bellamy, Esq., for the defendant; Brooke G. Emple, Esq., for the plaintiff T. J. Kenan and wife; Herbert McClammy, Esq., for the defendant. The closing argument was by Marsden Bellamy, Esq., for the plaintiff Monk. The argument was completed shortly after 6 o'clock and Judge Justice's charge followed. The case went to the jury at 7:15 o'clock and court took a recess at once, an agreement having been reached that the clerk might take the verdict should one be ready before 11 o'clock at night. Shortly after that hour the clerk was sent for and the award made as above.

The cases set for to-day are the Cape Fear Lumber Co. vs. C. H. Cooper and vice versa; Miller & Son vs. F. A. Applegate, and Jno. R. Turrentine vs. S. A. L. R. R. Co.

The following talesmen are being summoned for to-day: W. Houston Moore, John A. Barnes, Eugene Phillyaw, W. H. Merritt, Louis C. Craig, I. W. King, P. H. Walsh, T. F. Bryant, A. H. Creasy, N. M. Hunt, R. L. Jackson, Carl Mugge, A. B. McNair, John L. R. Wallace, E. F. Falls, J. S. Jordan, J. B. Hewlett, John J. Windley, George H. Ward and Samuel F. Yopp.

Mr. and Mrs. Moore Bereaved.

Friends of Mr. and Mrs. E. Clayton Moore will sympathize with them deeply in the loss of their little daughter, Evelyn Virginia, aged 23 months, whose death occurred of cholera infantum at the home of the parents, No. 209 North Fourth street, yesterday morning at 5:30 o'clock. The funeral will be conducted at 9 o'clock this morning from the residence, Rev. Dr. A. D. McClure officiating, and the remains will be laid to rest in Oakdale.

NO REMOVAL FOR SMITH.

Accused Man at Whiteville Must Face Jury of His Peers in the County of Columbus—Trial This Week.

[*Special Star Correspondence.*]

WHITEVILLE, N. C., April 20.—It is decided that A. Coleman Smith will be tried before Judge Peebles at this term of the Superior Court, and that the trial will commence as soon as Cross Edmonson, who turned State's evidence in the trial of H. B. Register and Jabel Register, for the murder of Jesse Soles, and Jim Staley, colored, can be brought here by Homer L. Lyon, Smith's attorney, from the State penitentiary, or from whatever place he may be working for the State at present, which will be, in all probability, on or before Friday morning.

Sheriff J. G. Butler, in an affidavit, which was read to the court by Solicitor C. C. Lyon, indignantly denied the accusation of Homer L. Lyon, in Lyon's statement to the court yesterday that he was one of the county officers who had made a public statement to the effect that he thought Smith was guilty of the murder of Jim Staley, or any one else, for that matter, and that he believed A. C. Smith could get a fair trial in Columbus county, and he saw no reason why it should be transferred to another county as requested by the defendant's attorney. L. W. Stanley, clerk of the County Court, and Dr. N. A. Thompson, county physician, also introduced affidavits stating that they thought there was no personal feeling against Smith, and he would be given as fair and impartial a trial here as he could get in any county in the State.

Solicitor C. C. Lyon said at one time he thought that Smith could not get a fair trial in Columbus, and he would be the last one to request a man to be placed on trial for his life if he thought he could not get a fair hearing. "But," said the solicitor, "I now believe the conditions are different. I believe that the excitement and sentiment against the prisoner has abated largely, and I see no reason why he should not be tried in Columbus county."

Judge Peebles said sufficient evidence had not been introduced so far to move the case to another county, and unless there should be further developments during the empanelling of the jury, the case would go on trial here. Homer L. Lyon then asked for time to get Cross Edmonson here as his witness, and it was granted. It is reported that H. B. Register will be brought here by the State. Lewis & Schulken are assisting Solicitor Lyon in the prosecution, and additional evidence to that which has been brought up in previous trials will be introduced, it is said. The criminal docket, with the exception of the Smith case, was closed at noon to-day.

The case of Susie O. Holmes against the A. C. L. for $50,000 damages will, in all probability, come up for trial to-morrow.

C. C. JONES NOT GUILTY.

Cleared of the Godfrey Bond Matter at Goldsboro Yesterday—The Counsel.

Mr. E. W. Pace, of this city, returned last night from Greensboro, where he had been summoned as a witness in the case of C. C. Jones, charged with unlawfully receiving and disposing of North Carolina bonds belonging to J. L. Godfrey, of Jonesboro, N. C., the particulars of which are well known to readers of this paper. Although a subpœana had been served on Mr. Pace, counsel for the defendant found it unnecessary to produce any evidence and Mr. Pace was not put on the stand. Jones was found not guilty and discharged, the jury having remained out less than five minutes.

It will be remembered that the case was removed from the bench warrant hearing in Raleigh to Wayne Superior Court. The grand jury returned a true bill against James early in the week and the case went to trial Monday afternoon. The State introduced as witnesses W. J. Blow, of Goldsboro; Henry McGhee, of Raleigh, and J. L. Godfrey, of Jonesboro. James H. Pou, Esq., of Raleigh, and ex-Judge W. S. O'B. Robinson, of Goldsboro, addressed the jury in behalf of Jones Monday afternoon and they were followed by Solicitor Armisted Jones for the State, after which court took a recess until yesterday morning when W. T. Dortch, Esq., for the defendant, closed the argument. After a brief charge by Judge Geo. H. Brown, presiding, the jury retired and within five minutes returned yesterday afternoon with a verdict of not guilty.

Flag Raising

A large party of members of the Jr. O. U. A. M. will leave this afternoon on a special car for Greenville Sound at 3 o'clock instead of 2 o'clock as previously announced. The flag raising and bible presentation exercises will begin at 3:45 o'clock. The public is invited.

— Mr. Walter H. Savory, travelling agent of the Mergenthaler Linotype Company, who is on a business trip through the South, was a STAR visitor yesterday.

AN ARTISTIC SUCCESS

"The Prodigal and the Dove" Presented Last Evening by W. L. I. Dramatic Club.

TO "STANDING ROOM ONLY."

Audience One of the Largest and Most Fashionable of the Season—Entertained at Armory After the Production—Members of Cast.

Nothing seen at the local theatre this season, professional or otherwise, has eclipsed in artistic success the magnificent production of the bright and clever four-act comedy, "The Prodigal and the Dove," which was presented last evening by the Wilmington Light Infantry Dramatic Club to an audience which taxed the utmost capacity of the Academy of Music. Aside from its artistic triumph, the production was also the occasion of easily the leading society event of the season, the audience having been one of the most select and fashionable which ever assembled in the theatre. In the favorable criticism of a local production, one is often charged with being unduly influenced by a favoritism for home talent and home auspices, but the presentation last night needs no further commendation than its own real merit. The costumes worn by the ladies, the stage accessories and every other environment were as elaborate and as complete as those of any New York success brought to the local playhouse in a season. The entire production was directed and staged by Mr. James H. Cowan and that popular young thespian, added to the laurels which were already his own. The lines of the comedy are bright and without a single exception, they fell into most capable hands last night, the entire four acts running along as smoothly as could be wished by the most exacting member of the audience.

If one may be excused for particularizing, when to do so would seem unjust, Mr. George P. James in the leading and most difficult comedy role, proved himself the possessor of talent, all his own, which would win him plaudits upon any stage. Miss Tallulah DeRosset, in the corresponding female comedy role, was equally as good. But here's the cast and what is said of one could just as well be said of all:

THE CAST.

Christopher Colt, a business man with an eye for business and a stern parent, Mr. Thomas H. Wright.

Christopher Colt, Jr., always in trouble, Mr. George P. James.

Bert Bellaby, a young lawyer, in love with Nellie, Mr. Samuel Potts, Jr.

Simpson, manager of the Bombay Branch, Mr. James H. Cowan.

Job, Christopher Jr.'s right hand man, Mr. J. McRee Hatch.

Mr. Gibb, a man of remarkable activity and conversational ability, Mr. J. VanB. Metts.

Major Hedway, of the old school, retired from the Army at the early age of sixty with a mania for chess, Mr. Wm. F. Robertson.

Whimper, the only source of communication between Mr. and Mrs. Colt, Mr. Jas. F. Post, Jr.

Mrs. Christopher Colt, Sr., not exactly on congenial terms with her husband, Miss Nellie McMillan.

Nellie Colt, a charming young debutante, Miss Janie Williams.

Mrs. Gibb, founder of the Amateur Theatrical Society, modest as to Mr. Gibb's virtues, Miss Belle Anderson.

Dora Hedway, Major Hedway's niece and Nellie's school friend, Miss Tallulah DeRosset.

Business Manager E. A. Metts gazed with a satisfactory smile upon the "standing room only" sign early in the evening. A corps of clever young members of the company in uniform handled the large crowd with an ease and with a precision which was admirable, contributing no little to the pleasure of the largest party of friends which it has ever been the good fortune of the W. L. I. to entertain.

After the performance last night the company handsomely entertained the Dramatic Club at their splendid armory on Market street.

A. C. L. WRECK AT LUCAMA.

Particulars of the Big Smash-up Monday Midnight—The Injured.

A special from Lucama, N. C., yesterday gives particulars of the wreck on the A. C. L. there Tuesday midnight as follows:

Lucama, N. C., April 19.—Last night A. C. L. south bound passenger train, No. 35, known as the Florida and West Indian Limited, due here at 11:45, ran into the north bound freight No. 8, reversing the position of the locomotive of the passenger engine, which sprung into the air, turning a complete summersault, fire from the engine burning the engine, tender and mail car of the passenger train. The flames soon communicated to the wreck of the six freight cars loaded with fertilizers into which the engine plunged and these were soon in a blaze and burned. The flames soon consumed the depot, which was completely destroyed, with nearly all the contents, the people of Lucama rendering whatever assistance they could in subduing the flames and saving the property of the railroad company.

Engineer Louis Waxsmith, of Rocky Mount, one of the finest on the road, was driving the engine of 35, which came in Lucama at the rate of 45 miles an hour, and the cars on the track, showing no light, were not noticed in time to check his speed. His fireman was named Charles and both stuck to their engine and went with it into the ditch and were pulled from it, Mr. Waxsmith sustaining serious internal injuries, while Fireman Charles was injured in left shoulder and hip. The postal clerk, T. M. Mitchell, colored, of Washington, D. C., was also hurt internally, but not fatally. None of the passengers was hurt.

Drs. Albert Anderson and E. T. Dickinson, of Wilson, were wired for by the railroad authorities and they attended to the injuries of the wounded men until the wrecking train from Rocky Mount came an hour and a half later and carried them to the railroad hospital in Rocky Mount. Drs. Lamm and Crocker, of Lucama, also rendered valuable assistance.

Conductor Burnett of No. 8 admits that he forgot all about No. 35 and was shifting his train. He left four of his cars on the main track and the balance of his train with the engine were on the siding when the crash came. None of his train crew were hurt. The damage to the company is estimated at from $12,000 to $20,000.

It is feared that Engineer Waxsmith will not recover from his injuries, but the other two are not fatally wounded. The wrecking train crew are still at work and hope to have the track cleared sometime to-day. The trains on that road are compelled to go either by Wilmington or by Goldsboro, and all are necessarily delayed.

THE RIDGEWAY CONCERT COMPANY.

Coming of Premier Musical Organization to Y. M. C. A. Saturday Evening.

The Katharine Ridgeway Concert Company will appear in the Y. M. C. A. auditorium next Saturday evening. Miss Ridgeway comes this season with a stronger concert company than last year and as she gave universal satisfaction last season it is reasonable to expect that her concert Saturday evening will be one of exceptional merit. Miss Ridgeway will be supported by a young lady who has an exceptionally fine soprano voice and whose manner and snap united with expressive features, easy stage presence, always catches her audiences by storm, and one who has unusual power to combine flexibility and wonderful sweetness in her tone. Mr. Karr, the basso, has a fine voice and perfect enunciation that always captivate his audiences. His songs are from Handell, Schubert and Wagner as well as from the best of our more modern composers.

Box sheet opens at DeRosset's Thursday evening the 21st, and members of the Star Course can reserve their seats at the usual price.

WEDNESDAY MORNING, APRIL 20.

GOOD MISSIONARY GROUND FOR DEMOCRACY.

Before Roosevelt got to be President he used to blow about his adherence to reciprocity and tariff revision to suit the necessities of the times. Now he and his party are standing pat against tariff revision and are particularly dead set against reciprocity with Canada and some other countries that desire closer trade relations with this country.

The Republicans in Iowa and other Western States want the tariff reasonably revised and the Republicans in Massachusetts and in other States along the Canadian border demand reciprocity with their Canadian neighbors. How are they to keep from voting for Parker on a platform that, while guarding American interests, will give their section the relief they are demanding and will never get from the Republican party? If they vote the way they talk they will not vote for Roosevelt and the nonsensible adherence of his party to tariff schedules that are not only out of date but iniquitous and hurtful to the commercial interests of this country. It is singular that the Republican party is insisting on free trade with the Philippines to benefit the trade of this country when it will not concede a reciprocity treaty with Canada and bring about mutual trade relations which our border States find almost absolutely necessary to their existence.

At a banquet in Boston a few nights ago one of the speakers was Henry M. Whitney, president of the Boston Chamber of Commerce, who has been the chief advocate of Canadian reciprocity for some time. Mr. Whitney declared that the trade of New England was in a serious condition, due to the westward movement of population and manufacturing interests and the comparatively huge railroad transportation rates. The offset to this tendency was to be found in reciprocal trade relations with Canada.

New England farmers, he said, produced nothing that would be brought here from Canada and the fishing industry of Gloucester would be vastly improved.

The speaker said that although it was absolutely certain that the Republican party of Massachusetts would lend a deaf ear to any request for trade relief, yet the fact that he had only a few hours before received a petition signed by 37,000 voters calling for Canadian receiprocity seemed to demonstrate the sentiment of the State was strongly in favor of some movement that would bring about an opening of the doors of trade.

In the face of a demand like that and the Republican party turning a deaf ear to the requirements of the New Englanders, why don't the New England States cast their electoral vote for Parker and elect Democrats to Congress? It appears to us that the States bordering on Canada are good missionary ground in this campaign.

OUR NEXT PRESIDENT.

The expected has happened. The Democracy of New York in their convention at Albany on Monday offered to the Democracy of the Republic the name of Judge Alton B. Parker as the nominee for President in the contest to be waged this Fall against Roosevelt and Rooseveltism.

The result in the Albany convention demonstrated that Senator David B. Hill had lost none of his old-time cunning in handling the New York Democracy, and those who were under the impression that Mr. Hill had long ago been laid on the shelf have been dis-illusioned. He started the campaign to have the New York delegation to St. Louis instructed for Judge Parker, and, notwithstanding the opposition of Tammany, the convention did as Senator Hill designed that it should do. The Parker sentiment carried the convention by 301 to 149, just one more than two-thirds of the total number of delegates in the convention.

Tammany made a fight against instructing the delegates, but judging from the proceedings as reported, it was a half-hearted fight from a crowd that recognized their overwhelming defeat. The eloquent Bourke Cockran even had the wind taken out of his sails, and Tammany got nothing for its pains. New York Democrats, however, predict that Tammany will do its full duty at the polls next November.

The country has been pretty well prepared to recognize in Judge Parker the strongest man that is to-day before the Democracy and people of America. It is true that he has not spoken out on any of the alleged political issues, but the lofty character, splendid ability, and high standing of the man, vouched for by Democrats and Republicans, is satisfaction enough that when he speaks he will do so from the standpoint of an able and patriotic American and true Democrat. We venture the assertion that when Parker states what he stands for the the Democracy and the independent voters of the country will be swept off their feet with enthusiasm for the candidate who stands out in bold relief as a man of purity, high principles and ability. As such he will be acceptable to the South, and even before the New York convention acted the South had recognized and accepted Judge Parker as the type of man for our next President.

It is not necessary to discuss the platform adopted in New York, from a national standpoint, for it remains for the Saint Louis convention to lay down the principles of the party. It is sufficient to say that the synopsis of the Albany platform is a good example for the Saint Louis declaration. We take it that the platform adopted by the new York Democracy is suggestive, while that at St. Louis will be explicit along the lines which the Empire State Democracy has marked ont. Without an opportunity for a close analysis, we can catch at nothing socialistic or populistic in that New York platform, and if the National platform can steer as clear of falacies and paternalism as the Albany declaration, all patriotic Americans can vote in November for the clean man Parker on a platform that stands for the highest interests of the American people.

RUSSIAN BUTCHERY.

The stories purporting to emanate from St. Petersburg about the barbarism of the Russian army can hardly be true. If they are statements of facts and not yellow news, they show that Russia has no right to be named among the civilized nations of the earth.

One story sent out from St. Petersburg last Sunday says that "the Russians give no quarter to the Japanese but kill every Jap soldier that falls into their hands." Another story was that "replying to a question why he is not taking prisoners, General Kashtilinski, commanding the Russian forces on the Yalu, telegraphed that he didn't find it convenient to keep prisoners." This is monstrous. It is incredible. We are prone to doubt the truth of these horrible statements, but we are prepared to believe most anything of a people that will permit such horrors as the Kischeneff massacre. Readers of the Russian stories of their victories have not failed to notice that on several occasions the Russians laid in wait for small parties of Japs and annihilated them, when one would naturally wonder why they did not capture instead of kill the enemy.

Contrasted with the savagery of Russia is the evidence of civilization on the part of the Japanese. The Japanese express regret at the tragic end of the Russian naval commander, Vice Admiral Makaroff, who went down with his ship. This cablegram coming from Tokyo was more like coming from a Christian than a Pogan land:

> Expressions of regret at the death of Vice Admiral Makaroff are general here. Speaking for the naval staff, Commander Ogasawara has published a statement in which he laments the death of the Russian vice admiral, and pronounces it to be a loss to the navies of the world.

— At Southern Pines on Saturday more than twenty-five colored people in the Jimtown settlement, armed with pistols and guns, went in search of Neal Austin, alias Smith, who killed a colored woman in Hoffman last December. Every house was searched, but he was not to be found—but later he was caught sight of and several shots exchanged by the searching party. He made his escape, however, and is said to be in hiding in the immediate vicinity. Austin carries a 38 revolver, 44 Winchester and is well supplid with ammunition. He is a desperate character, and the object of killing the colored woman at Hoffman was to get some money he thought she had. Austin is being shadowed by Detective Pick, a colored man from the West, who exchanged a few shots with him near Aberdeen on Good Friday.

Shearer, of Mountnope, Lancaster Co., Pa., "and can say that I am cured of that dreaded disease, uterine trouble. Am in better health than ever before. I believe that if we all knew the laws of health we would all be well and if sick women only knew the true value of Wine of Cardui they would be saved much suffering and would soon be cured. I have very strong faith in it. I used it for five months for a local difficulty which had troubled me for years and had spent hundreds of dollars in the endeavor to get well. My life forces were being sapped and I was daily losing my vitality with that bearing down feeling which thousands of women know all about. Your medicine cured me. I am enjoying the very best of health now and am only too pleased to endorse your great remedy.

ALL WRONG

The Mistake is Made By Many Wilmington Citizens.

Don't mistake the cause of backache.

To be cured you must know the cause.

It is wrong to imagine relief is cure.

Backache is kidney ache.

You must cure the kidneys.

A Wilmington resident tells you how this can be done.

R. F. Rowan, clerk with L. W. Davis' Clothing House, residing on Castle street, between Sixth and Seventh, says: "I strained myself lifting a heavy box, and suffered great pain across my back for a long time. I used plasters and liniments but they did me no good. I could hardly stand up straight, my back was so weak. Seeing Doan's Kidney Pills advertised in our newspapers I went to Bellamy's drug store and got a box. I felt better the next day and continued using them according to directions and my back regained its old strength. I was simply surprised at the result. I will gladly recommend Doan's Kidney Pills every time for backache."

COTTON MARKETS.

By Telegraph to the Morning Star

NEW YORK, April 19.—The cotton market opened barely steady at an advance of two to thirteen points on the old crop, while the new crop months were three points higher to four points lower. The initial gains were on covering in sympathy with higher cables than expected, but bear pressure became evident before the call was completed and there was also considerable selling by buyers of late yesterday who were disappointed possibly by a more favorable character of early weather reports. Under this pressure the market began to decline almost from the very start, and within ten minutes had lost the gains with the active months down to practically last night's prices. The level attracted a renewal of demand from shorts of the scalping class, and there seemed to be a little better buying of a scattering kind on expectations of a bullish Weather Bureau report at midday. New Orleans, too, appeared to be buying here and reports were circulating of a better spot demand for export, while the estimates for to-morrow's receipts were rather light so far as Houston and Galveston were concerned. It was also reported that the leading Wall street bear interest had covered and was willing to see a higher market for the purpose of making a selling basis, and between one thing and another the market around midday had advanced to 14 09 for July and 13 83 for May, with the general list showing net gains from six to fifteen points. The weekly crop bulletin was read at about this level. It proved quite as bullish as expected, but was followed by liquidation for the account of early buyers who had apparently planned to take whatever profit was in view when the report was read and the market broke about ten to fourteen points on the active months. This was followed by great irregularity. The report seemed to be bringing in some outside buying, particularly from New Orleans, but there was selling on every bulge and the market made slow progress upward. The close was steady at a net advance of sixteen to eleven points on the old crop while the new, depressed by more favorable weather accounts, was net three points lower to four points higher. Sales were estimated at 400,000 bales.

Colossal Figures in Life Insurance. What Do They Mean?

The published statements of banks trust companies and industrial concerns command the attention of persons interested in them as investors or depositors; the Annual Statements of great Life Insurance Companies are read by the great mass of the people with all the interest that attaches to the more important news of the day. It cannot be otherwise when practically every family in every community feels that its own fortunes are closely connected with and dependent upon the operations of one or more of these tremendous beneficent associations.

The Metropolitan Life puts forth a statement of its business in 1903, presenting an array of figures that shows impressively the intimate relations between this institution and the whole people. In one item alone an amazing fact is stated. It is that giving the number of policies in force on the last day of the year—more than 7,500,000—showing that one person in every ten of the entire population of the United States is insured in this Company.

In other items the figures are too large to convey any clear meaning until they are divided and subdivided and made to apply to days and hours instead of years. For example, this great Company has paid to and laveseed for its policy holders since organization, over $238,000,000—a sum that will impress the average reader merely as being vast and very vague. There is quick comprehension, however, when we learn by a little calculation that during 1903 the amount thus distributed among policy holders averaged $89 a minute during every working day of the year.

Every day in the year 359 claims were paid; every day in the year more than 6,000 new policies were written. At the end of every day in the year the Company's Assets were more than $50,000 greater than in the morning. Its total assets at the end of the year were more than $105,000,000. Its total income for the one year 1903 was over $39,000,000.

Going back twenty years we have some comparative figures that tell a story of almost incredible growth. The Company's income for the year 1883 was a little over $3,000,000; for 1893 a little over $15,000,000; for 1903 over $49,000,000; its surplus since 1883 has increased from about $627,000 to over $10,000,000. When we come to the amount of outstanding insurance at the end of the year we pass the billion mark. The exact sum is $1,343,381,457.

The Metropolitan Life received from premiums and other sources during 1903 over $6,500,000 more than in 1902. Considering the relative condition of the financial markets in these two years, this exhibit is at first surprising, then illuminating. In 1903 money was plentiful; public confidence in the manifold projects of promoters and financiers had never been stronger; "times were good." In 1908 these conditions were reversed. Thousands of hitherto prosperous wage earners were out of employment; others were forced to accept reduced wages, the incomes of the well-to-do shrank and dwindled; and everywhere there was a decided tendency to retrench and to withhold money from investment. Yet this was by far the most prosperous year of the Metropolitan Life Insurance Company's existence.

Nothing could show more plainly what Life Insurance really stands for in the minds of the people. It is not regarded as a speculative venture, but a sure promise of security; a safe shelter when financial storm-clouds threaten general wreck.

A concern like the Metropolitan Life Insurance Company is, of course, a business organization, but it is one in which all of its policy holders are bona fide partners, "a company of the people, by the people and for the people;" one that has known how to gain and how to justify the confidence of the whole community.

That is why no bank stockholder will read the annual report of his own prosperous bank with keener relish than people everywhere read this remarkable statement of the Metropolitan Life.

A Thoughtful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble the physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at R. R. BELLAMY'S drug store.

Robbed the Grave.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in the back and sides, no appetite, and growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters, and to my great joy the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at R. R. BELLAMY'S drug store.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no failing hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. WEDNESDAY MORNING APRIL 20.

ELECTION IN LOUISIANA.

Democrats Swept the State—Lily White Republicans Made Weak Contest. No Negro Vote Cast.

By Telegraph to the Morning Star.

NEW ORLEANS, April 19.—In an uninteresting general election the Democrats to day swept the State, electing their ticket headed by former Justice N. C. Blanchard for governor, and practically a solid reprerenentation in both houses of the Legislature. Former Mayor W. J. Behan, an ex-Confederate soldier and prominent sugar planter, headed the opposition ticket of lily white Republicans. The regular Republicans put no ticket in the field and practically no negro votes were cast. The lily whites control the Federal offices here and their contest to-day was simply to maintain their organization. A comparatively large vote was polled in New Orleans, giving Blanchard a majority, estimated at 12,000, but there was great apathy in the State except in a few of the sugar districts. Indications point to a total vote of approximately 50,000 with Blanchard's majority conservatively estimated at 25,000. In the January primary the Democrats polled 72,000. The election was uniformly peaceable, the only exception thus far reported being at Gonzales, in Ascension Parish, where Captain Sam Moore, a prominent merchant and planter and leader of the Republicans, was instantly killed by Deputy Sheriff Ed. Smith. Moore attempted to post dodgers containing pictures of two negroes holding minor positions under the Democratic administration. Smith interfered and shot Moore dead when the latter attempted to draw a weapon.

The legislature elected to-day will choose a United States senator. Senator Murphy J. Foster having been nominated in the primary, will receive practically the solid vote of both houses.

SOUTH CAROLINA TRAGEDY.

Two Men Killed and Two Others Wounded in Barnwell County—Trouble Between Whites and Negroes.

By Telegraph to the Morning Star.

BARTON, S. C., April 19.—Information of a tragedy in which three lives were lost has been received here from Barnwell county. The actors were two white men, John Criner and Willie Stone, and two negroes, Clay Dickinson and Bristow Gardner. Stone and Dickinson are dead. Gardner is mortally wounded and Criner seriously wounded. Criner was a book-keeper and Stone superintendent of a saw mill. They had words with Clay Dickinson on Saturday about his account at the store.

Last evening the young white men went to the house occupied by Dickinson and Gardner, and, it is said, forced open the door of Dickinson's room and shot him to death. In another room they found Gardner and attacked him with knives. Gardner had a 32-calibre pistol. This he drew and after being fatally stabbed, shot Stone dead and wounded Criner seriously. It is said the white men were drunk. Stone leaves a widow and four children.

PENNSYLVANIA DEMOCRATS.

Delegates to St. Louis Will Go Uninstructed and Will be Bound by the Unit Rule.

By Telegraph to the Morning Star.

HARRISBURG, PA., April 19.—The Democratic State convention, which was held here to-day, refused to instruct the national delegates from Pennsylvania to vote for the nomination of Judge Alton B. Parker, of New York, for President. The delegates will go to St. Louis uninstructed and will be bound by the unit rule.

An attempt was made at the meeting of the resolutions committee of the convention to amend the platform by substituting for the unit rule plank a paragraph instructing the delegates for Judge Parker. It failed, and the platform as adopted by the committee was unanimously adopted by the convention.

Justice Samuel Gustine Thompson, of Philadelphia, was nominated by acclamation for Supreme Court Justice to succeed himself for the full term of twenty-one years.

The delegates at large to the national convention are Col. Jas. M. Guffey, State Chairman J. K. Hall, ex-Governor Robt. E. Pattison and Robt. E. Wright.

CROP CONDITIONS.

Cotton Planting Progressing—Some Replanting—Fruit Injured by Frosts.

By Telegraph to the Morning Star.

WASHINGTON, April 19.—The Weather Bureau's weekly summary of crop conditions says:

Cotton planting has progressed rapidly throughout the central and southern portions of the belt and has begun in the more northerly districts. In portions of Georgia and Texas planting is nearly finished and chopping begun in Florida and Southern Georgia. Throughout the belt the weather has been much too cold for germination and growth, the reports indicating that considerable replanting will be necessary in portions of the central and western districts.

Fruit has experienced a week of trying conditions throughout the central valleys and Middle Atlantic and Southern States, and while the reports indicate that much injury has been done by frosts and freezing temperature, good prospects, due principally to the lateness of the season, continue in many sections.

SKIRMISHES ALONG LINE OF THE YALU.

Reported That Another Battle Was Raging Last Evening at Port Arthur.

VICEROY ALEXIEFF RELIEVED.

Vice Admiral Skrydloff Succeeds Makaroff—Russians Preparing to Contest Expected Attempt of the Japs to Cross the Yalu River.

By Cable to the Morning Star.

PARIS, April 20.—The "Journal" prints a dispatch from its correspondent at Yin Kow, dated yesterday at 5 P. M., which says it is affirmed that a fresh battle is raging at Port Arthur.

LONDON, April 20.—The lull in news from the Far East continues, there being nothing new this morning beyond a vague report from the "Standard's correspondent at Che Foo that heavy firing was heard last night and that search lights were observed working. None of the numerous reports of Japanese landings are yet verified.

SEOUL, COREA, April 19, 6 P. M.—The Russians are strengthening their fortifications at Chiu Tien Cheng with all possible haste and are sending reinforcements of artillery and infantry with the intention of stubbornly contesting the expected attempt of the Japanese to cross the Yalu river.

Chiu Tien Cheng is about nineteen miles north of Antung on the Manchuria side of the Yalu, and almost opposite Wiju, where the Japanese are reported to be in force. The left of the Russian line of defence is at Chiu Tien Cheng, the center is at Antung and the right is at Ta Tung Kao, about twenty-five miles southwest of Antung.

Asks to be Relieved.

ST. PETERSBURG, April 19.—Viceroy Alexieff has applied by telegraph to the Emperor to be relieved of his position as viceroy in the Far East. It is expected that the request will be immediately granted. While no official announcement has yet been made there is reason to believe that the above statement is correct.

The immediate cause of the viceroy's application is reported to be the appointment of Vice Admiral Skrydloff, one of Admiral Alexieff's strongest enemies and sharpest critics as successor to the late Vice Admiral Makaroff in command of the Russian navy for the Far East.

Makaroff's Successor.

ST. PETERSBURG, April 19.—Vice Admiral Skrydloff arrived here today on his way to the Far East where he will take command of the Russian fleet at Port Arthur. He was accorded an enthusiastic reception by the people who thronged the streets.

To his friends Skrydloff has declared that his aim will be to conserve the fleet at Port Arthur as a menace to the enemy until it is reinforced.

The admiralty says the damages to the battleship Pobieda are slight and soon will be repaired.

It is now asserted that the Pobieda did not strike a mine, but was accidentally rammed during the confusion following the Petropavlovsk disaster.

Russian Forces.

ST. PETERSBURG, April 19.—It was claimed by the general staff to-day that General Kuropatkin now has 300,000 men at the theatre of war, sufficient for present requirements. A prominent officer of the staff informed the correspondent of the Associated Press that the dispatch of troops to the Far East has been suspended for the present. General Baron Stakelberg has been given command of the First East Siberian corps, to which belong the advance forces, General Kashtalinsky being in command of the third division, at the Yalu river.

It is positively asserted that the circum-Baikal railroad was connected a few days ago. Construction trains can now pass around the Lake, but the line will not be opened to troop trains or passenger traffic for two months.

Japs Advancing to the Yalu.

SHANGHAI, April 19, noon.—Authentic advices from Seoul, dated the 13th inst., declare the Japanese are in complete control of Corea and that the Russian scouting parties have been retired jacross the Yalu before the Japanese who occupied Wiju, practically without resistance. The Japanese army is divided into two forces, one for expeditionary purposes and the other for occupation. The former, numbering 45,000, is advancing to the Yalu and the latter, consisting of 15,000 reservists, is making far-sighted communication arrangements with the headquarters at Seoul, where there is a garrison of 4,000. The headquarters of the transport service is at Chemulpo. Railroad building (and road grading is progressing rapidly. The fortifications of Kojedo island at the mouth of Masampho harbor, which protects the southern teminus of overland communication, also guards the passage to Vladivostok and Port Arthur through Broughton strait. Forty transports off Haiju are supposed to have landed part of their forces at Takushand and it is the evident intention to disembark a second army at Yongampo preparatory to forcing the Yalu.

Russians Mystified.

ST. PETERSBURG, April 19, 4:30 P. M.—No confirmation has been received here up to this hour of the reported arrival of a big fleet of Japanese transports in the Gulf of Pe Chi Li. Reports differ widely as to the destination of the fleet, Kin Chou, situated on the narrowest part of the Liao-Tung peninsula above Port Arthur; Kai-Chou, south of New Chwang, and New Chwang itself, being mentioned by the various reports. In the best informed military quarters the correspondent of the Associated Press finds considerable skepticism in regard to the reported Japanese landing in Liao-Tung gulf and an inclination to think it has been too widely advertised to prove more than a ruse. If a heavy landing occurs, except in Corea, the Russian authorities are more disposed to believe that it will be near Takushan. Japanese transports are expected daily at the mouth of the Yalu river.

The reports that there are 5,000 Cossacks in the neighborhood of Gen-San are denied. The Russian cavalry is scouting along the east coast of Corea, but not so far down as Gen-San.

Lack of transportation facilities, according to the Russian advices, are delaying the Japanese. Both in Japan and Corea the roads are in a dreadful state. The Japanese horses are dying by the hundreds, it will be impossible to bring up regular field artillery and they will have to rely on mountain guns. General Kuropatkin's dispositions, the general staff says, are progressing rapidly and satisfactorily. The troops concentrating below Mukden are being sent to their allotted positions. About 30,000 are employed in guarding the railroad, but the number is considered sufficient. The Japanese are making desperate efforts to blow up bridges and cripple the road.

GREAT FIRE RAGING IN CITY OF TORONTO.

Broke Out in the Business Section—Assistance Sent from Other Cities—Loss Estimated at $10,000,000

By Telegraph to the Morning Star.

TORONTO, April 19.—Fire swept through a section of Toronto's wholesale district to-night, causing a loss which will run up into the millions. The fire started in a factory in Wellington street, about 9 o'clock. In less than an hour the flames had spread from building to building on both sides of the street until the whole block was a mass of flames and the fire was utterly beyond control of the local department. Appeals were sent to every surrounding city where fire apparatus could be obtained asking for assistance. Montreal, London, Hamilton and Buffalo at once responded, but it will be hours before they can be of assistance.

It was believed at 11 o'clock that the fire was under control, but a sudden shift in the wind again fanned the flames into a roar and clouds of sparks and burning brands were carried down side streets until three entire blocks were doomed.

The firemen were making a gallant fight amid the falling buildings and a mass of tangled wires, but their efforts at midnight seemed to be fruitless.

Chief Thompson, of the fire department, and George Dowkes, of Montreal, were cut off by the flames while directing the work of firemen from a roof. Thompson jumped six stories to the ground and escaped with a broken leg. A mass of tangled wires broke his fall near the ground. Dowkes has not been seen since and it is believed he has perished.

12:45 A. M.—The entire lower portion of Bay street to the Lake front now seems doomed. The wholesale houses of Wild, Darling & Company, Gordon McKay & Company and other large buildings have been destroyed. The loss is now estimated at $10,000,000.

TORONTO, April 20, 1:45 A. M.—The fire is burning itself out in Bay street. The total loss will reach fully $10,000,000.

OUTCOME OF A STRIKE.

Two Women and Four Children Burned to Death in Their Home in a Pennsylvania Mining Town.

By Telegraph to the Morning Star.

SOMERSET, PA., April 19.—An outbreak has been hourly expected at the town of Garrett, the scene of the mining operations of the Garrett Coal Company and other corporations. Trouble has been brewing there ever since the inauguration of the miners' strike five months ago. A number of the striking miners at Garrett own homes there, but recently the Garrett Coal Company erected a number of houses, and the bringing in of the new men to occupy these houses and take the place of the strikers in the mines has worked the latter up to a high state of excitement. The strikers have paraded the streets openly, armed, and they have prevented the moving of the household goods of the incoming miners from the railroad stations.

A horror that may or may not be connected with the strike situation at Garrett, was the burning to death of two women and four children in their home at that place between the hours of 2 and 3 o'clock this morning. The victims were: Mrs. Rosana Meyers, her two daughters, Lucinda and Annie, aged thirty and eight years respectively, and her son Richard, aged five years. The two other victims were young children of Lucinda. The house was a one and one-half story log building, and the women and children were sleeping in the upper story. Mr. Meyers and Jonas Sullivan, a boarder, were asleep on the first floor. They were awakened by the smoke and the noise made by the fire, and had barely time to save their lives by rushing from the building.

The victims in the upper stories perished without help and their bodies were reduced to ashes. The origin of the fire is unknown. Meyers, the head of the household, was a miner, and until recently worked for the Somerset Coal Company.

The strikers lay the origin of the fire to a number of Italians who are working for the Garrett Coal Company. Italians were arrested to-night charged with setting fire to the house. Meyers asserts the Italians threatened him for refusing to sell them, but together they were "scabs."

The saloons have been closed and all was quiet here at 10 P. M.

W. J. BRYAN'S VIEWS

Concerning the Action of the New York State Democratic Convention.

By Telegraph to the Morning Star.

LINCOLN, NEB., April 19.—W. J. Bryan to-night gave to the press the following statement concerning the action of the New York State Democratic convention:

"I do not think the instructions will give Judge Parker any additional strength, but the platform adopted by the convention ought to prevent his nomination, unless the Democrats, when they assemble at St. Louis, decide to attempt a confidence game on the public."

HOUSE PASSED PARTISAN MEASURE

Providing Joint Statehood for Arizona-New Mexico, Oklahoma-Indian Territory.

BY A STRICT PARTY VOTE.

Moon of Tennessee Declared the Bill Violated the Plighted Faith and Honor of United States to Indians in Matter of Treaty, Etc.

By Telegraph to the Morning Star.

WASHINGTON, April 19.—After a debate extending through the entire session, the House to-day passed the Statehood bill, providing for a joint statehood of Oklahoma and Indian Territory under the name Oklahoma, and of Arizona and New Mexico under the name Arizona. In discussing the rule which had been reported by the Committee on Rules, providing for the immediate consideration of the bill, Mr. Williams, the minority leader, declared that no Republican had any idea that the bill would become law at this session.

In opposing the rule Mr. Moon, of Tennessee, declared that the bill was an intensely wicked and partisan measure which, if passed, would violate the plighted faith and honor of the United States to the five civilized tribes of Indians in the matter of treaty obligations.

He inquired of the Republicans if they were going to pass the bill in violation of their party platform and of treaty obligations. The territorial delegates in the House, he maintained, had protested until the hour of coercion by the Republicans to meet political exigencies.

Denying that the Republicans had been guilty of bad faith, Mr. Dalzell said the bill would take its course as a party measure because it was reported by the majority of the committee, submitted to a party caucus and brought into the House pursuant to a rule adopted by that caucus. He justified the measure on the ground "that we are endeavoring to sustain the relative power of the Senate and House of Representatives in legislation."

The rule was adopted, 150 to 111, a strict party vote. The bill then was taken up, speeches were made for the bill by Messrs. Spalding of North Dakota, Sterling of Illinois, Curtis of Kansas, McGuire of Oklahoma, and Rodey of New Mexico, and against the bill by Messrs. Grosvenor of Ohio, Reid of Arkansas, Lloyd of Missouri, Needham of California, Russell of Texas, and Wilson of Arizona.

The third reading of the bill had been done by the Speaker when one of the most amusing incidents of the session occurred. Mr. Moon inquired if the third reading of the bill was to be by title only. In the midst of a most elaborate decision, the Speaker turned to the parliamentarian, Mr. Hinds, for further advice and then announced that he would resolve the whole question in favor of the individual privilege of each of the members, any one of whom could demand the reading of the bill.

Mr. Williams, the minority leader, jocularly inquired of the peaker if his decision had been arrived at "after consultation."

The Speaker promptly replied that it had been, and he set the House in an uproar when he added: "The skilled parliamentarian who has been at this desk for many years can give the chair," and after a pause, "and the gentleman from Mississippi, cards and spades and then have a fountain of parliamentary knowledge left."

It was some moments before the applause and laughter which greeted this sally subsided. Mr. Maddox, of Georgia, demanded the reading of the bill, which was begun, but later he withdrew his request.

Speaker Cannon further convulsed the House when he asked: "Is there any other gentleman who desires the bill read?" No one responding, the bill was put upon its passage, the Democrats demanding the yeas and nays.

The bill was passed, 147 to 104; a distinct party vote.

The House adjourned until to-morrow.

In the Senate,

WASHINGTON, April 15.—The question of additional accommodations in the way of office and committee rooms for the Senate, occupied the attention of the Senate the greater part of the day. The subject arose in connection with the provisions in the Sundry Civil Appropriation bill, for an extension of the east front of the capitol building in accordance with sketches left by Architect Walters, and the other for an outside office and committee building. Much variety of opinion was expressed and the question was still under consideration when the Senate adjourned.

Mr. Berry, of Arkansas, spoke in opposition to the provision for a building for senators. He said that before it could be completed the building would cost not less than $4,500,000, or $50,000 each for each member of the Senate. This he pronounced "a piece of extravagance which surpassed anything he had ever seen in the Senate."

Mr. Bailey supported the amendment. He did not want oriental magnificance, but he did want splendid buildings. Senators in Washington should not live in huts or stop at wagon yards, nor should they have their offices in inaccessable portions of the capitol. He said the Senate annex, now used for senatorial offices, was a fire-trap.

Mr. Bacon expressed himself as opposed to the proposed addition to the capitol, saying that to make such an addition would be little less than a sacrilege.

Mr. Teller opposed the east front extension, but advocated the new building, saying that as the country grows demands upon the capitol will grow. He expressed the opinion that a time would soon come when it would be necessary to provide accommodations for senators from Alaska and Porto Rico, and gave voice to the hope that it might be necessary to make room for senators from what is now the Dominion of Canada.

The Senate adjourned until to-morrow.

RICHMOND, VA., April 19.—At a large and representative gathering of Richmond negroes, here to-night, formal protest was made against the law providing for the separation of the races on street cars, which is to be put into effect here to-morrow, and resolutions were adopted, the gist of which is that the negroes of the community will walk in future as evidence of the reality of their protest.
